Weser Cycle Path "Epicure"

EPICURE.

The river Weser is one of the most important German rivers. Starting point of this tour is the idyllic half timbered town Hann. Münden – the place where rivers Werra and Fulda are forming the Weser. Already here in the small town you encounter the impressive Weser Renaissance with carefully reconstructed half timbered houses. From here you follow the meandering river through the "Weserbergland" (Weser mountains), having many hidden treasures. You travel through medieval half timbered towns as Höxter, Rinteln or Hameln. Visit the "Lying Baron Münchhausen" in Bodenwerder or see the original site of the tale of the "Rat Catcher from Hameln". Nienburg attracts with its old city, Verden with its dome and Bremen with its Schnoor district. All together a scenic and cultural very interesting journey which is due to the flat tour course easy to cycle.
