Salzburg – Vienna

MOZART, CASTLES AND VIENNESE WALZ.

At the beginning and end of this journey are the two great Austrian cities of culture, for which the journey alone is worthwhile. Salzburg offers Mozart and the world-famous festival as well as the beautiful old town. St. Stephen's Cathedral, the Museum Quarter, Schönbrunn Palace - Vienna is in a class of its own and worth every moment! Three rivers - Salzach, Inn and Danube - form the route of this tour, where unique natural experiences await.

Details of the Salzburg - Vienna cycle tour

After an extensive exploration of Salzburg, the first stage of the route leads to Burghausen. A special highlight here is the visit to the "Silent Night Chapel" in Oberndorf. In 1818, the famous Christmas carol was sung here for the first time; in the meantime, it has been translated into around 330 languages and dialects.

With Burghausen and Schärding, there are two stage destinations that could not be more charming. The old towns are beautiful. Via the provincial capital Linz, where art and industry form a symbiosis, the route leads to Enns, the oldest town in Austria, and the charming baroque town of Grein with its maritime museum and castle. The final stage goes through the Wachau, which has been a UNESCO World Heritage Site since 2000. Quite rightly, because it is a dream! From Krems, the train takes you to Vienna, where the big city awaits with all its advantages and full of life.

Highlights of the cycling tour from Salzburg to Vienna

- **Mozartplatz in Salzburg:** As a central point in the city centre, Mozartplatz is the perfect starting point for a discovery tour of the old town. The city's most famous son, Wolfgang Amadeus Mozart, guards the square with a wary eye. Where should you go first from here? To the cathedral or rather up to Hohensalzburg Fortress.
- **The Schlögener Schlinge natural spectacle:** The Danube flows seemingly straight through the beautiful Danube valley from Passau. Suddenly the mighty river turns 180 degrees in Schlögen. Granite is the trigger, because the Danube couldn't push through and just had to find another way.

- **Juicy apricots in the Wachau World Heritage Site:** After 21 years as a UNESCO World Heritage Site, the Wachau is world-famous - and for several things. For the excellent wine, the sweet apricots, the delicious cuisine or the delightful villages with numerous Heurigen, e.g. Spitz or Dürnstein. Let yourself go, take a deep breath in and relax.
- **The Vienna Giant Ferris Wheel** is not only a visual highlight, but also a special piece of the city's history. After 50 years on the throne, the Giant Ferris Wheel was built in 1897 in honour of Emperor Franz Josef I. Enjoy the outstanding views over the rooftops of Vienna on a ride.
