## *Danube Cycle Path - comfortable*

### A LEISURELY BIKE RIDE TO VIENNA.

The romantic Danube valley, historic towns and finally the lively Austrian capital Vienna. In addition, there are first-class culinary delights, wildly beautiful nature and the Danube Cycle Path as a prime example of a cycle route. The Danube Cycle Route leads directly along the river for long stretches, with a few days of cycling far away from the Danube through pretty towns and past architectural gems. Let's go - by bike from Passau to Vienna!

### *Details of the 12-day comfortable tour*

You can choose to start the tour in Passau or Schärding. In the Bavarian city on the three rivers, you should explore the charming old town and take a look at the cathedral organ - it is the largest church organ in the world. After only two stages you will reach Linz, where you can enjoy the great view of the city from the Pöstlingberg. Here art meets industry and traditional architecture meets modernity.

Maria Taferl, Melk, Engelhartzell, St. Florian - you pass numerous places of worship along the way whose interesting history is captivating. After the urban jewels of Enns and Grein, the Wachau awaits, where wine-growing areas alternate with charming villages. These are waiting to be explored on the rest day. After Krems and Tulln, you reach Vienna on day 9, the final highlight of this great tour.

### *Highlights of the Danube Cycle Path tour*

- **The colourful market square in Schärding:** The baroque town in the Innviertel shimmers in all colours, the houses owe their paint according to colour of the original trades. Take advantage of the time for a stroll through the castle park and to the orangery before ending the evening in one of the rustic inns.
- **The Schlögener Schlinge natural spectacle** is best observed from above. If you still feel like taking a walk after the tour, you should make your way to the "Schlögener Blick" viewpoint. Once at the top, the view is breathtaking!

- **Juicy apricots in the Wachau World Heritage Site:** Whether dumplings, liqueur or jam - the apricot is omnipresent here and is perfect as a souvenir for those at home in various varieties. The diverse soils and the special climate make this piece of earth a first-class growing region, incidentally also for wines!
- **The Vienna Giant Ferris Wheel:** Not only children will enjoy a trip to the Vienna Prater, the city's amusement area. Ferris wheel, rides and the famous Swiss House promise fun and action.

## *Useful information about the tour with Eurobike*

Our slow-paced tours are easy cycle tours that are suitable for absolutely everyone. The 35 to 55 km long stages can also be completed by less experienced cyclists and even kids, and the almost exclusively flat route is a big plus. On day 11, we have organised a special experience for you: "Legendary around Kreuzenstein Castle" leads along 13 stations through a wine-growing area that tells the legends of the region.

- This tour can also be cycled within ten days, find more info and tour tips here.
