Panoramic Tour – based in one hotel

HOTEL “SCHLOSS KAMMER”.

Lake Zell provides the blue-glistening base for this centre-based tour, on which a wide variety of attractions and highlights await you. In the evening you will always return to your hotel. In addition to the cycling kilometres, you can look forward to a variety of excursion destinations on this tour. You will also experience the nature, culinary delights and history of this beautiful region with all your senses.

Details of the cycling tour

Charming Maishofen is now your home for eight days. Enjoy being close to nature and the friendliness of the inhabitants and soak up the view of the Steinerne Meer, among other things. To get you in the mood, the first stage takes you around Lake Zell. Take at least one look at the enchanting Prielau Castle and stroll through the old town in Zell am See. You will see that numerous castles have shaped the history of the region.

On day 4, you can swap your bike for hiking boots. Alternatively, a round of cycle golf, which is included in your trip, is worthwhile. Who will make the “hole-in-one” at one of the 15 stations? Either way - you learn a lot of interesting facts about Maishofen and the surrounding area. The Seisenbergklamm gorge and the Leogang show mine are also on the programme.

Highlights of the 8-day Panoramic star ride

- **Magnificent mountain panoramas:** The tour is mainly flat at the lake, but the nearby Hohe Tauern mountains have several three-thousand-metre peaks to offer. Direct your gaze to the nearby landscape and imposing mountain worlds.
- **Europe’s highest waterfall in Krimml:** It is a true spectacle when the masses of water thunder down from a height of around 380 metres. The power of the Krimml Waterfalls is truly gigantic.

- **Beautiful swimming opportunities in the Zeller See and Ritzensee:** When the sun is shining and it's starting to get just too hot in your cycling clothes - it's worth taking a dip in the cool water. The lakes along the tour should definitely be used for a swim in good weather.
- **The impressive Seisenbergklamm gorge:** The imposing gorge does not go unnoticed for long during a visit. You walk on very well constructed footbridges through the natural monument that was created around 12,000 years ago. The gorge spirit tells its story in a playful way.

Useful information about the fcycling tour with Eurobike

An exciting and successful tour that takes cyclists' hearts by storm. Along the rivers, the cycle path is well developed and, above all, well signposted. In the surrounding countryside, one or two ascents await you. Don't forget the included services, e.g. with the "Salzburgerland Card" you can visit numerous attractions for free or at a reduced price.

- This tour can also be booked as a family cycling tour.
- Here you can find other Centre-based tours.

Itinerary

DAY
1

Arrival in Maishofen

Your remaining travel documents and your rental bikes (if booked) are waiting in your hotel for you.

DAY
2

Around Lake Zeller

| approx. 20 km

Today, you will cycle past Castle Prielau to the lake's shore. There, you will continue along the shoreline to Zell am See, which has a beautiful old town centre (pedestrian zone, historic parish church). You then continue to the Schüttdorf moor. You will return along the other side of the lake where you will get stunning views of the mountain city and the mountain Schmittenhöhe from.

DAY
3

Into the Oberpinzgau region, to Mittersill and Krimml

| approx. 40 - 75 km

You will take the Krimml train from Zell am See (excl. bicycle ticket, approx. €2.50/bike) up into the Oberpinzgau region to the Krimml waterfalls (highest waterfall in Europe). On your way back you will cycle steadily downhill over the national park towns Hollerbach (herbal village), Stuhlfelden (Castle Liechtenau, Castle Habach) and Mittersill (national park museum, castle). The route can be shortened by train at any time if you want.

DAY
4

Activ Recuperation

Option for a guided hiking tour (minimum of 4 participants) onto one of Maishofen's mountains with a view. Alternatively, a short hiking tour (approx. 1 hour) onto the 'Schwalbenwand' to the alp 'Kammer-Eck-Alm' enjoying a traditional lunch there. Or a local circular bike tour (approx. 15 km) as part of the unique 'Radgolf' (bicycle golf) in Maishofen.

DAY
5*To the Tourist Minie in Leogang or to Hochfilzen*

approx 40 - 65 km

On the fourth day you will cycle through the small moor bath Neunbrünnen to the riverbanks of the Saalach River and further to the Leogang Ache. The mine will set you back to times long past. Here, the silver ore for the famous Salzburg silver coins was reduced. The richest mineral deposit in Salzburg holds 70 partly very rare kinds of minerals, which can be admired in the mineral cabinet. After your daytrip, you will return back to your hotel through lush meadows and on beautifully landscaped paths.

DAY
6*Into the Glemm-Valley*

approx-. 30 - 40 km

The newly opened and well-developed cycle path leads you gently uphill to the world-famous alpine ski resort of Saalbach and even further to Hinterglemm. You follow the still young Saalach river and marvel at the towering mountains to the right and left. How about a cable car ride (to be organized by your own) to the over 2000 metre high Mount Schattberg with its breathtaking panorama?

DAY
7*To the Seisenbergklamm gorge in Weißbach*

approx 50 km

Today you will cycle through a small rural hamlet, first to Maria Alm and then to Saalfelden. From there, you will continue along the river Saalach to Weißbach to the Seisenbergklamm gorge. In 1831, woodcutters constructed a 600 metres long way on which now visitors can explore the gorge. Later, you will cycle back to your hotel past Lake Ritzensee and through the Kolling woods.

DAY
8*Departure or extension*

Tour character

You will cycle on almost completely flat routes in the Salzach and Saalach river valleys. Only when the bike path leaves the river bank does the terrain get slightly hilly. You will mainly find yourself on paved bike paths and quiet side streets. Only very short sections will be cycled on roads with more traffic.
