## *Piedmont – based in one hotel*

### ITALY'S SECRET.

Piedmont, in the north of Italy is a real gem for cyclists. The region is only for those in the know, and offers travellers an area that is authentic and untouched. In the Canavese region you will not only find historic castles, but also typical fine wines of Italy. There is a reason why the wine route bears the name 'Strada Reale dei Vini'. This cycling holiday in northern Italy is particularly suitable for beginners and leisure cyclists due to the easy route. You will be amazed by Canavese, a small part of Italy that has been largely untouched by tourism so far.

---

DAY

## *Lake Candia* | approx. 40 km

Your first bike tour will lead you on attractive trails along the river Dora Baltea to the South. Soon you will have reached the beautifully situated lake Candia. The lake invites you to jump into its clear water. After a long climb (4 km) you will reach the top of the moraine hills from which you will have a beautiful view of the surrounding area. Along the royal wine route, you will get back to your hotel.

---

DAY  
3

## *Ivrea and its Lakes* | approx. 50 km

Through meadows and fields, today's stage leads you to Ivrea. The river Dora Baltea has dug a deep riverbed, offering spectacular views. After a short rest in the medieval city centre, you will continue your tour to two mountain lakes nearby. Romantically, they invite you to swim for some time. Later, you will return to your hotel, cycling along the old Franciscan Road, which was an important pilgrimage route for the monks to Rome.

---

DAY

In the morning, you will take the train to the capital city of Turin. Here, not only the great Piazza Vittorio Veneto will impress you. There is a lot to be discovered in this lively city. A nice bike path along the river Po leads back to the North. In Chiavasso, you should stop for some time. In the small town on the river Po, with its little sidewalk cafes, real Italian lifestyle is lived. The road back to your hotel leads past the castle Castello Mazze from which the valley had been guarded for centuries.

---

DAY  
5

## *Lake Viverone* | approx. 40 km

Very athletic cyclists may visit the impressive castle Castello di Masino at the beginning of the tour (very steep rise for approx. 2 km). If you prefer a more relaxed daytrip, you can follow the route over gently rolling hills and through small towns with historical churches and small castles. You will also get nice opportunities for swimming and sunbathing at the lake promenade in Viverone. Later, you will continue your tour through an agricultural landscape. Kiwis, peaches and grapes are grown right along the bike course.

---
