Krimml - Passau, comfortable

FROM KRIMML VIA SALZBURG TO PASSAU.

The Tauern Cycle Path is one of the most popular cycle tours in Austria – and there's good reason. There are so many great things about the 315km-long cycle path. There is the consistent and very detailed signage that will guide you from Krimml to Passau. The first-class path quality without noticeable hills also makes the Tauern Cycle Path so popular. Last but not least, the supporting actors that crown the cycling holiday. Nature, culture and cuisine offer exciting hours off the cycle paths.

Details about cycling holidays on the Tauern Cycle Path

There are 750 vertical metres between Krimml and Passau – but gently down! The slight downhill always gives a bit of a tailwind and makes the cycle path easy to ride. After the daily stages there is still enough time for sightseeing and discovery tours along the way. Ten days of pure cycling enjoyment without luggage – that's the service from Eurobike!

The highlights of the Tauern Cycle Path at a glance:

- A cycle path for the whole family: In the gentle valleys of the Salzach, the Saalach and the Inn it is mostly downhill and on well-signposted cycle paths. Therefore, this cycling holiday is also suitable for beginners and families with children.
- Natural spectacles: Whether it's the Krimml waterfalls, the mighty three-thousand metre peaks in the background or the Seisenberg gorge – nature shows off along the Tauern Cycle Path!
- Small cities and great history: Salzburg, the city of Mozart, Burghausen with the longest castle in Europe and the three-river city of Passau offer culture and culinary delights for every taste.

You leave Salzburg and its Alps and cycle through the Alpine foothills. The Tauern bike path ends in Tittmoning and from here you have to follow the nature trail along the Lower Inn before you reach today's destination, Burghausen. DAY
9*Obernberg am Inn - Passau*

approx. 40 km

Soon you reach the abbey called "Stift Reichersberg", which is well worth a visit. You cycle alongside the river Inn through small towns like Scharding where you can take a break at the baroque market square. Not far after this and you will have reached your final destination on this beautiful bike trip: Passau. The city of three rivers has a lot to offer, for example the world's largest organ in the cathedral. A river cruise would certainly be the ultimate way to end this wonderful bike ride.

Departure or extension

In Passau there is a lot to discover. If you are interested in staying here longer, we would be pleased to book some extra nights.

Tour character

The Tauern bike path is well-signposted throughout. The route leads takes you along quiet and paved paths and country roads. Occasionally you will have to cycle on busier routes. You have to cope cycling on unpaved paths for a few short sections. The quality of the trail can be described broadly as very good though. Hills are hardly present in this variant and therefore this tour is also suitable for families with children.
